

Richard S. Emery

Experience

RTTV America **3/09 – Present**

Senior Graphic Artist/Promo editor

As Senior artist I was responsible for designing show opens, bumpers, promos and daily news graphics used during eight broadcasts. I use Adobe Photoshop, Illustrator, After Effects along with Viz Artist. Also created Viz templates and design elements for shows owned by RTTV and making sure that the proper show style was maintained for shows owned by RT Moscow. I created numerous on-air promos using Avid Media Composer, After Effects and Photoshop. I worked with engineering support to maintain two Viz Artist, two Viz Pilot and eight engines.

Freelance Editor/Graphic Designer **3/01 – Present**

Services provided included editing client tapes using Avid Symphony and the Quantel Editbox. I designed graphics for video and web using Photoshop, Illustrator, After Effects and Flash. I performed video compression and DVD mastering using Sonic Scenarist. I was responsible for building and the wiring of two Avid suites.

US Army Visual Information Center, Pentagon, Washington DC

9/87 - 7/95

Editor/Graphic Designer

I provided audiovisual services for Army briefings at military installations, hotels and in the field. Produced and edited productions in a composite digital suite supporting Congressional Briefs, Worldwide Department of Defense documentaries and specials. Designed and created original computer graphics using the Quantel Harriet. I directed Department of media training workshops. I performed as Technical Director for studio and remote events. I operated both studio, and EFP cameras. I trained others in the use of equipment in the facility, and acted as crew chief for on-site and remote productions.
